Sakhiyon ki Baadi

Why **Girl Child Education** Program is needed at **Rajasthan**?

Girl child in Rajasthan trapped in poverty, illiteracy

TNN | Nov 3, 2017, 08:36 IST

JAIPUR: The going has been tough for the girl child in Rajasthan. Though a well-known fact, this has once again been borne out by the recently-released gender vulnerability index (GVI) in which the state ranked...

'9.7% Rajasthan girls in 11-14 age group are out of school'

TNN | Jan 22, 2017, 12:37 IST

JAIPUR: Rajasthan has performed second worst in the 'out of school' in the 11-14 years in the Status of Education Report (ASER) tabled recently. The report says that 9.7% of the age group of 11-14 years are out of school in the state in the 2016-17.

ASER report: Rajasthan among bottom five states in learning outcomes

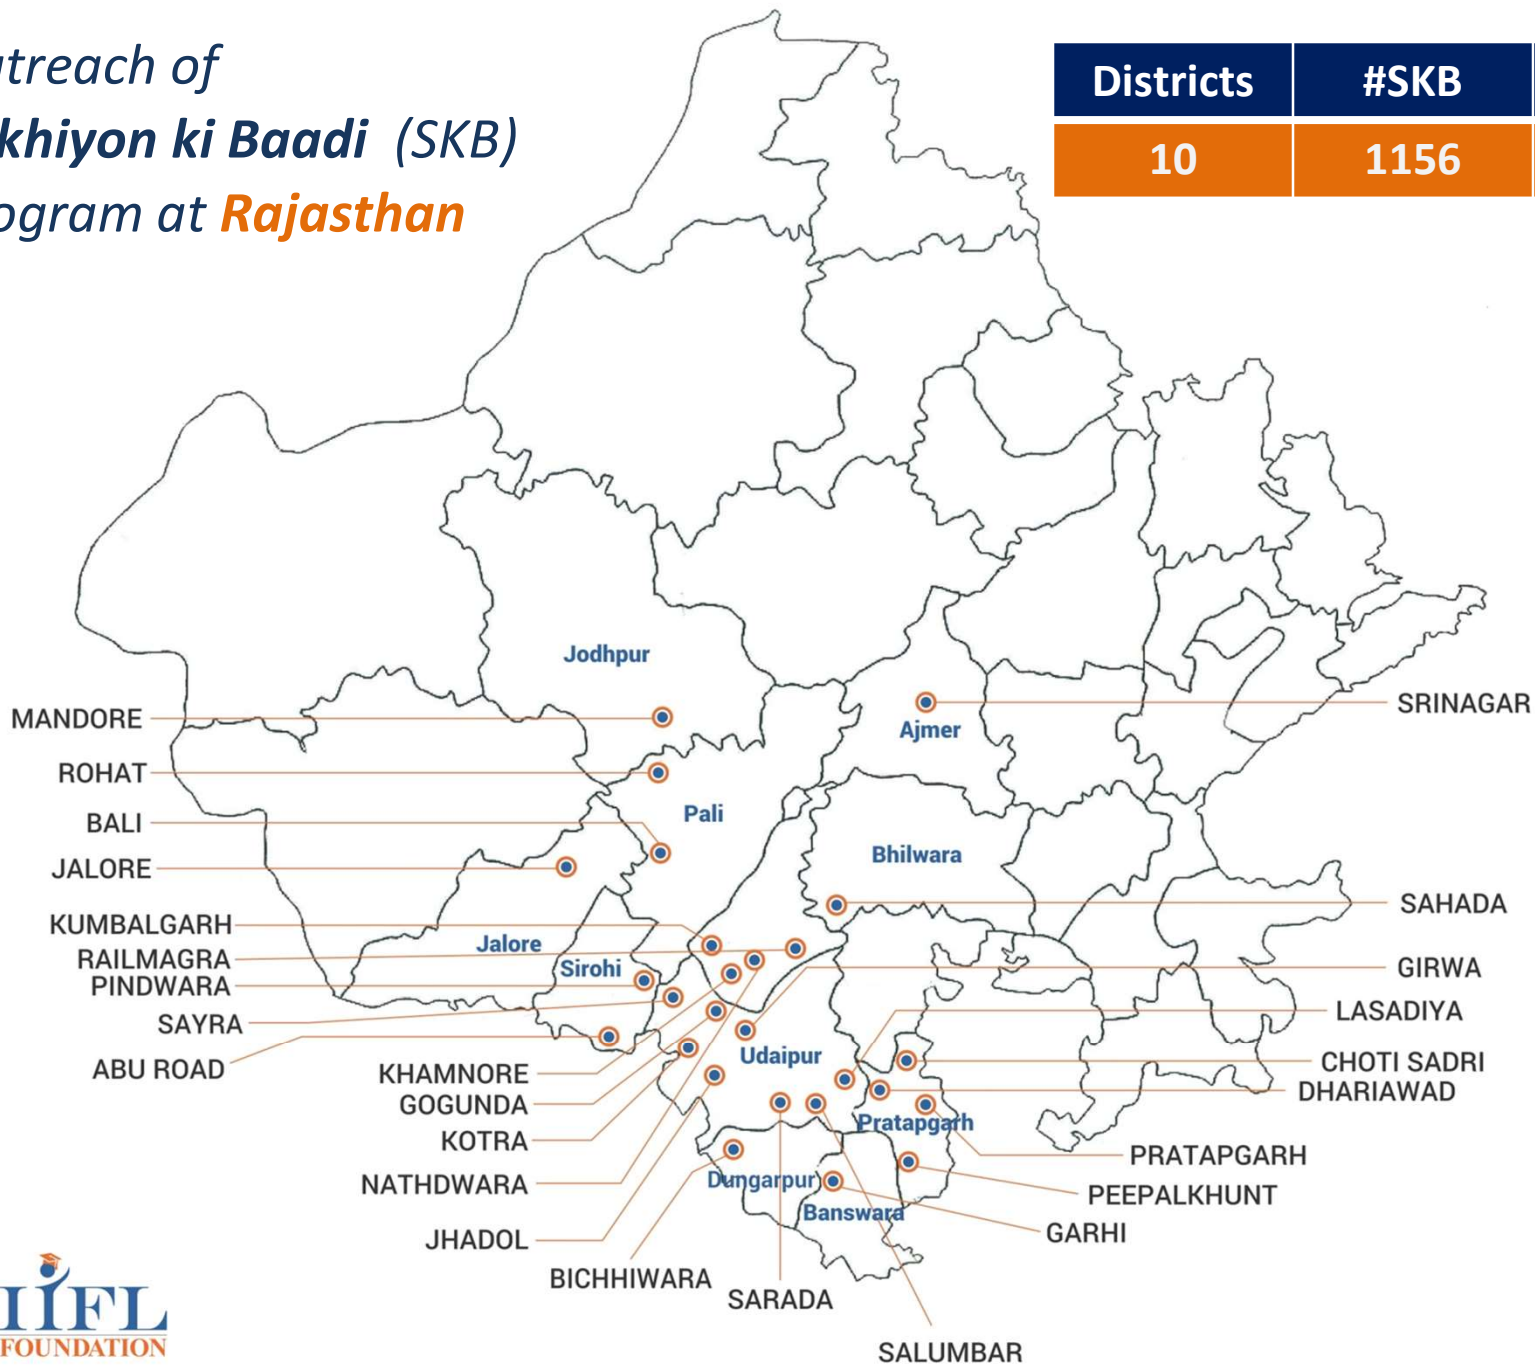

TNN | Updated: Jan 16, 2019, 07:13 IST

JAIPUR: Rajasthan has been placed among the bottom five states in learning outcomes—reading, writing and arithmetic in the academic year 2018-19, says the Annual Status of Education Report (ASER) released on Tuesday in New Delhi. The report is contradicting the repeated tall claims made by former chief minister Vasundhara Raje of taking Rajasthan school education from the 26th position to 2nd in the country. She made the claims during the campaign of the recent Sabha polls.

Project Assessment by Third Party - Sattva

An assessment of 'Sakhion ki Baadi' program was conducted by a Third Part Evaluator - Team Sattva.

Approach	Stratified Random Sampling
Sample Size	518
Districts	Ajmer, Udaipur & Pratapgarh
Stakeholder	<ul style="list-style-type: none">- Children- Daksha (Learning Facilitator)- Parents- SICOMM Members, Sarpanch, Bhamashah (Village Representatives)- Field Staff
Duration (Assessment)	3 Months
Area of Evaluation	Impact, Relevance, Effectiveness & Sustainability

IMPACT (As per finding of Sattva)

More than 80% of the parents interviewed report that the girls have become **confident & voice out their opinions**

More than 90% of parents and community stakeholders that attended the FGDs report a **visible improvement in the learning outcomes of the children**

Community owned operational model is not in place as the program has been running for under two years only

*A majority of beneficiaries reported that they **want to study at-least till grade 10** while **At-least 8 out of every 10** beneficiaries want to **work after completing education***

Recommendations	Actions Taken
Strengthen Daksha training model to include a strong focus on following program Processes	Daksha Training program has been revived accordingly
Community owned operational model is not in place as the program has been running for under two years only	Ideal SKB centres have been identified , those shall be adopted and run by village by 2020 (Mission One)
Formalize training of Cluster Heads to enhance their role in monitoring and supporting Daksha	Cluster Heads now participate in formulating Daksha Training Program to get better grip of program's objective & their role
Definition – Good/Ok/Weak SKB's needs more clarity	Weak SKB's criteria has been removed, and replaced with – Good & Needs Improvement.

20%	of all SKB's are transferred to Community Ownership
40%	of all Girls are mainstreamed
60%	of all Girls attain Level 6 and above
80%	of all Girls Retained & 80% of all SKBs are Good SKBs
100%	Villages are illiteracy free (Girl is either at School or Sakhiyon ki Baadi)

MISSION ONE

To be accomplished by June 2020.

Rath shaala

*Intervention with the **Rabari** community is needed as*

- *Livelihood is affected with changing times & technology*
- *Need for Education has aroused within the tribe to cope with the fast growing things all around.*
- *Disconnect from social welfare benefits*

***Rabari** stands for 'The outsiders' – They've earned this name due to their nature of not settling at one place and round the year migration*

For pasturing their cattle, the people of this community instead of living in towns, keep migrating in search of green land.

The main business of this community is to raise cattle, camels and goats

Kandivali school for slum kids to stay open

After Mumbai Mirror's report on BMC refusing to pay school's primary teachers, help pours in from Thakur Village residents and IIFL Group

Linah.Baliga
@timesgroup.com

TWEETS @MumbaiMirror

A Kandivali East school for children from Sanjay Gandhi National Park slum is coming back to life after being on the brink of closure. After the BMC allegedly refused to pay salaries of primary teachers at Matrubhoomi Education Society (MES), local residents and the corporate social responsibility arm of a private firm have come to the school's rescue.

A private school where under-privileged children from Jahnupada Vaibhav Nagar slum have been studying for the past 24 years, MES's plight was reported by Mumbai Mirror on April 3. According to Akash Handikherkar, founder and director of MES, the BMC had issued a letter to the school in March, informing him about the decision to not pay the salaries of primary section teachers.

Help started pouring in from all quarters after Mirror's report. "While local residents agreed to pay for stationery of our students, the IIFL Foundation, the CSR arm of IIFL Group, pumped in Rs 15 lakh and agreed to pay the school's primary teachers for the whole academic year," confirmed Handikherkar.

The primary section in MES has 180 students, with 25 in kindergarten, 350 in secondary section and 50 in junior college. When news of the school's closure spread, local NGO Inseed and Thakur Village residents started working towards generating funds for its survival. Inseed and its volunteers – mostly homemakers

Matrubhoomi Education Society in Kandivali East was supported by Thakur Village residents, NGO Inseed and Rs 15-lakh largesse from the IIFL Group

Water Conservation

Maharashtra

Aurangabad & Wardha

Maharashtra	Villages	5
Aurangabad	Beneficiary Population	10,644
	Livestock	31,630

Shirodi Kh is spread across **1157 acres** and has a population of 1540, with livestock numbering another 5470

The village receives reasonable rainfall, but most of the water runs-off as the natural path of the water has decayed due to negligence and extensive silting over the years.

IMPACT

Construction of a 2.9 km long trench has resulted in holding 25.52 cr litres and thus recharges 19 wells

*Wahegaon is spread across **2203 acres** and has a population of **1550**, with livestock numbering another **5130***

50% of the 600 cr litres of rainfall is lost due to water run-off caused by the natural nalas getting clogged by silting.

Wahegaon is one of the worst impacted by water shortage

IMPACT

The construction of a 1.53km long Trench helps to recharge 17 wells and store approx. 33.4 cr litres of water

नालारखोलीकरणाची सताळपिंप्रीत पाहणी

प. टा. प्रतिनिधी, फुलंब्री

संकर रामन, अलिठी रामन, औरंगबादचे उपमहापौर विजय जीजाडे, विष्णू पांचप, पंचवतन सहितरी सभापती सवित्रय भोडे, अण्णासईब काकडे, विकास गवळकार यांची उपस्थिती होती. हे काम चालू पाउटेशनच्या पदाधिकार्यांनी समायोजन व्यस्त केले. आमचे पैसे चांगल्या कामगवळी वापरले गेल्याबद्दल समायोजन व्यस्त केले. 'गवळकार संकरांच्या' पाहणी अंमलबजावणी वेळीच अनेक निर्णय घेण्यात येत आहेत. बॅंडगावळीने बांधिलेले नाले संकरांच्या कपातीचे अर्थ फलन घेण्याचे अंदाज कृषी विभागाला देण्यात येणार आहे. आम्ही कर्मचाऱ्यांनी भरभराटी ही देण्यासाठी प्रयत्न करणार आहोत,' असे विधानसभे अध्यक्ष बागटे यांनी सांगितले.

यळजवारीचे मोर्चे

कर्मचाऱ्यांच्या संख्येचा तक्ता सर्व संकरांच्या खात्यावर अंमलबजावणी करणारे अण्णासईब काकडे यांचे श्रेय लक्षात घेऊन अंदाजित करित आहोत. विविधकाळात अंदाजित करित आहोत. नाल्यांचे हे कर्मचाऱ्यांनी मोर्चे काढत आहोत. परंतु याच सरकारवर काही बांधिलेले नाले नाही, अशी टीका हाथीबाजणे बागटे यांनी केली.

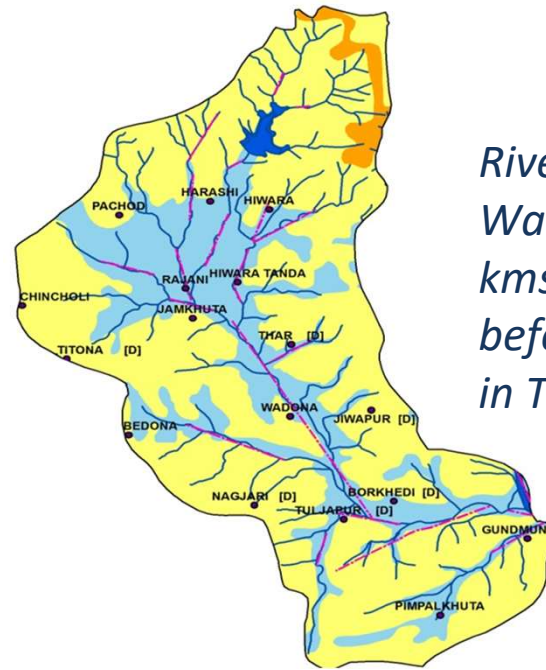

यासाठी पंचवतन सहितरी सदन्या विष्णू पांचप, रामेश्वर पांचप, सुनील जाधव, लक्ष्मण पांचप, विजय औरंग, रामदास काकडे, सारंग कृष्ण पांडुरंग, पंचदत्त देवते, रामेश्वर पांडुरंग, जगन्नाथ पांडुरंग, श्रीराम बंडकार यांच्यासह प्रामुख्य पदाधिकार्यांची उपस्थिती होती.

Maharashtra

Wardha

River Rejuvenation activity of River Wardhana is in full swing. About 64 kms of work shall be completed before Monsoon 2019, out of 109 kms in Total

An audacious step as no Govt. or Non. Govt. Body has worked on this river in past 200 years span

Objective:

- To rejuvenate the river and the connecting streams.
- To conserve the surface runoff and increase the infiltration rate

Speculated Impact	Age Group
Geographical Area	5,056 Hectare
Villages	16 Villages from Arvi Taluka (dist.) will draw direct benefits
